

Hollywood, Florida Community Redevelopment Agency (Beach District)

Financial Report
Fiscal Year Ended September 30, 2010

THE ORGANIZATION

The Hollywood, Florida Community Redevelopment Agency (Beach District) ("BCRA") was established in accordance with Florida Statutes Chapter 163 PART III Community Redevelopment to finance and redevelop the City of Hollywood's ("City") designated redevelopment areas. The BCRA, whose board members are the same as the members of the City Commission, provides services that exclusively benefit the City's beach areas.

The Board Members of the BCRA for the year ended September 30, 2010 were as follows:

HOLLYWOOD, FLORIDA COMMUNITY REDEVELOPMENT AGENCY (BEACH DISTRICT)

BOARD MEMBERS

PETER BOBER, Chairperson

HEIDI O'SHEEHAN, Vice Chairperson – District 3

PATRICIA ASSEFF, Board Member – District 1

BEAM FURR, Board Member – District 2

RICHARD BLATTNER, Board Member – District 4

FRAN RUSSO, Board Member – District 5

LINDA SHERWOOD, Board Member – District 6

Independent Auditor's Report

To the Board of Directors
Hollywood, Florida Community Redevelopment Agency (Beach District)

We have audited the accompanying financial statements of the governmental activities, and the major fund of the Hollywood, Florida Community Redevelopment Agency (Beach District) ("BCRA"), a component unit of the City of Hollywood, Florida, as of and for the years ended Septembers 30, 2010 and 2009, which collectively comprise the BCRA's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the BCRA's management. Our responsibility is to express opinions on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedure that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly we express no opinion on it. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial positions of the governmental activities and the major fund of the BCRA as of September 30, 2010 and 2009, and the respective changes in financial position for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 22, 2011 and September 1, 2010 on our consideration of the BCRA's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of those reports are to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. Those reports are an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audits.

The management's discussion and analysis and the budgetary comparison information are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Management's Discussion and Analysis (Unaudited)

The Management's Discussion and Analysis ("MD&A") of the Hollywood, Florida Community Redevelopment Agency (the "CRA"), (Beach District) (the "BCRA") is designed to provide an objective and succinct analysis of the financial activities based on currently known facts, decisions, and conditions of the BCRA's financial position and results of operations for the fiscal years ended September 30, 2010 and 2009. Specifically, this information is designed to assist the reader in focusing on significant financial issues, provide an overview of the BCRA's financial activity and identify changes in the BCRA's financial position.

The information contained in this MD&A is only a component of the entire financial statement report. Readers should take time to read and evaluate all sections of the report, including the footnotes and required supplementary information provided.

Financial Highlights

- The assets of the BCRA exceeded its liabilities at the close of the most recent fiscal year by \$9.6 million (net assets).
- The BCRA's total net assets increased by \$3.4 million in 2010 and decreased by \$7.0 million in 2009.
- Comparing fiscal year 2010 with 2009, the governmental activities revenue decreased by \$4.0 million and expenses decreased by \$14.5 million. The net results from activities increased by \$10.5 million or 149.0% over the results in 2009. In fiscal year 2010 results of activities produced an increase in net assets of \$3.4 million and in 2009, the results of activities produced a decrease in net assets of \$7.0 million.
- The BCRA's total long-term liabilities decreased by \$2.7 million or 4.9% during the current year and by \$2.5 million or 4.3% in the prior year. This is a result of the BCRA repaying existing debt outstanding with no new debt issuances.
- The BCRA's assets decreased by \$0.2 million or less than 1% during the current year and by \$11.5 million or 15.4% in the prior year. The decrease is attributed to capital outlay expenses funded by loan proceeds received in the prior years. The assets constructed were contributed to the City upon completion.
- At September 30, 2010 and 2009, the unreserved balances in the BCRA's governmental fund was \$20.3 million and \$19.8 million, respectively.

Overview of the Financial Statements

This annual report follows a format consisting of three parts – Management's Discussion and Analysis (this section), the basic financial statements, which have the following components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements, and Required Supplementary Information. The basic financial statements include two kinds of statements that present different views of the BCRA.

- The first two statements are government-wide financial statements report both long-term and short-term information about the BCRA's overall financial status.
- The remaining statements are governmental fund financial statements that focus on reporting the BCRA's operation in more detail, for example, how services like economic environment were financed in the short-term, as well as what remains for future spending.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of unaudited Required Supplementary Information that further explains and supports the information in the financial statements.

**Hollywood, Florida Community Redevelopment Agency (Beach District)
(A Component Unit of the City of Hollywood, Florida)**

Management's Discussion and Analysis (Unaudited)

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the BCRA's finances, in a manner similar to a private-sector business.

The statement of net assets presents information on all of the BCRA's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the BCRA is improving or deteriorating.

The statement of activities presents information showing how the BCRA's net assets changed during the most recent two fiscal years. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in the statement for some items that will only result in cash flows in future fiscal periods.

Both of the government-wide financial statements listed above distinguish functions of the BCRA that are principally supported by tax increment funds and intergovernmental revenues. The governmental activities of the BCRA include general government, public safety, economic environment, physical environment and culture and recreation. The governmental activity of the BCRA is community redevelopment.

The government-wide financial statements include only the financial activities of the BCRA. However, the BCRA is considered a component unit of the City of Hollywood, Florida (the "City") and as such, the financial information of the BCRA is included in its Comprehensive Annual Financial Report for both fiscal years.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The BCRA, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. These statements focus on individual parts of the BCRA government, reporting the BCRA's operations in more detail than the government-wide statements.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of a fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the BCRA's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

**Hollywood, Florida Community Redevelopment Agency (Beach District)
(A Component Unit of the City of Hollywood, Florida)**

Management's Discussion and Analysis (Unaudited)

Key elements of the reconciliation of these two statements are that the government-wide statement of net assets reports the issuance of debt as a liability, the purchases of capital assets as assets which are then charged to expense over their useful lives (depreciated) and changes in long-term liabilities as adjustments of expenses on the statement of activities. Conversely, the governmental funds statements report the issuance of debt as an other financing source of funds, the repayment of debt as an expenditure, the purchase of capital assets as an expenditure and do not reflect changes in long-term liabilities.

The BCRA maintains one governmental fund. Information is presented in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund. The BCRA does not have any nonmajor governmental funds.

The CRA Board adopts an annual appropriated budget. Budgetary comparison statements have been provided as Required Supplementary Information in this report to demonstrate compliance with this budget.

Notes to the Financial Statements

The notes to the financial statements provide additional information that is essential for a full understanding of the information provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information such as a budgetary comparison schedule.

Government-wide Financial Analysis

The two government-wide statements report the BCRA's net assets and how they have changed. Table 1 presents net assets – the difference between the BCRA's assets and liabilities – is one way to measure the BCRA's financial health, or position.

- Over time, increases or decreases in the BCRA's net assets are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the BCRA you need to consider additional nonfinancial factors such as changes in the BCRA's increment property tax base and the condition of its infrastructure.

A large portion of the BCRA's assets (40.7% and 38.5% for 2010 and 2009, respectively) reflects its investment in capital assets (e.g., land, construction in progress, buildings and improvements, and equipment). The BCRA uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the BCRA's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Hollywood, Florida Community Redevelopment Agency (Beach District)
(A Component Unit of the City of Hollywood, Florida)

Management's Discussion and Analysis (Unaudited)

Summary of Net Assets

The table below summarizes the summary of net assets:

Table 1
Summary of Net Assets
September 30, 2010, 2009 and 2008
(\$ in thousands)

	Governmental Activities		
	2010	2009	2008
Current and other assets	\$ 37,456	\$ 38,885	\$ 46,864
Capital assets	25,657	24,386	27,942
Total assets	63,113	63,271	74,806
Long-term liabilities	52,365	55,037	57,526
Current liabilities	1,141	2,065	4,093
Total liabilities	53,506	57,102	61,619
Net assets (deficits)			
Invested in capital assets, net of related debt	9,236	8,313	8,693
Restricted	1,588	1,508	1,387
Unrestricted (deficit)	(1,217)	(3,652)	3,107
Total net assets	\$ 9,607	\$ 6,169	\$ 13,187

An additional portion of the BCRA's net assets (16.5% and 24.4% for years 2010 and 2009, respectively) represents resources that are subject to external restrictions on how they may be used.

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. Governmental activities increased the BCRA's net assets by \$3.4 million for year ended September 30, 2010 and decreased net assets by \$7.0 million for year ended September 30, 2009.

Hollywood, Florida Community Redevelopment Agency (Beach District)
(A Component Unit of the City of Hollywood, Florida)

Management's Discussion and Analysis (Unaudited)

Summary of Changes in Net Assets

Governmental activities increased the BCRA's net assets by \$3.4 million in fiscal year 2010 and decreased net assets by \$7.0 million in fiscal year 2009. Key elements of this change are shown in Table 2 below:

Table 2
Summary of Changes in Net Assets
For the fiscal years ended September 30, 2010, 2009 and 2008
(\$ in thousands)

	Governmental Activities		
	2010	2009	2008
Revenues:			
Program revenues:			
Charges for services	\$ 120	\$ 324	\$ -
General revenues:			
Tax Increment property taxes	15,267	18,908	20,100
Investment earnings	157	340	1,735
Miscellaneous	43	45	18
Total revenue	15,587	19,617	21,853
Expenses:			
General government	5,529	8,798	6,199
Public safety	-	-	117
Economic environment	404	2,253	1,245
Physical environment	3,464	12,629	23,044
Culture and recreation	213	229	133
Interest and fiscal charges	2,539	2,726	2,913
Total expenses	12,149	26,635	33,651
Net increase (decrease) in net assets	3,438	(7,018)	(11,798)
Net assets – October 1	6,169	13,187	24,985
Net assets – September 30	\$ 9,607	\$ 6,169	\$ 13,187

Key elements of the net increase and decrease are as follows:

- Tax increment funds decreased in 2010 by \$3.6 million during the year as compared to fiscal 2009, as a result of an overall reduction of approximately 12.3% in taxable assessed values of properties city wide.
- The reduction of \$0.2 million in the other revenues category under the governmental activities for 2010 is attributable to lower interest rates on invested funds over the 2009 period.
- The decrease noted in the general government, economic environment and physical environment expenses in fiscal 2010 resulted from an overall reduction of projects in the BCRA district.

**Hollywood, Florida Community Redevelopment Agency (Beach District)
(A Component Unit of the City of Hollywood, Florida)**

Management's Discussion and Analysis (Unaudited)

- In 2009 tax increment funds decreased from 2008 by \$1.2 million during the year, as a result of the approval by Florida voters of Amendment 1, a constitutional amendment that increases homestead exemptions, allows portability of Save Our Homes tax savings and limits assessments increases for all properties not previously capped.
- The reduction in 2009 of \$1.4 million in the other revenues category under the governmental activities as compared to 2008 is attributable to lower interest rates on invested funds.
- The decrease in 2009 noted in physical environment expense resulted from an overall reduction of projects in the BCRA district. Specifically, completion of construction of the \$20.9 million Garfield Street Parking Garage in fiscal 2008. No similar project was undertaken in fiscal 2009. The increase noted in physical environment expense in 2008 resulted from expenses incurred on capital projects underway, most notably, the Garfield Street Parking Garage.

Financial Analysis of BCRA Funds

As noted earlier, the BCRA uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Fund

The focus of the BCRA's governmental fund is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the BCRA's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. Although it is termed "unreserved fund balance" or "fund balance" for purposes of this section, all funds remaining at the end of the fiscal year are set-aside for future projects within the BCRA.

The general fund is the chief operating fund of the BCRA. At the end of the current fiscal year, unreserved fund balance of the general fund was \$20.3 million and was \$19.8 million in prior year. As a measure of the General Fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unreserved fund balance represents 121% and 77% of total General Fund expenditures for 2010 and 2009, respectively, while total fund balance represents 218% and 146%, respectively, of that same amount.

The current year's fund balance of the BCRA's general fund decreased by \$1.2 million and by \$6.1 million in the prior year. This decrease is due primarily to capital outlay expenditures funded by loan proceeds received in the prior years. During the year, revenue sources experienced shortfalls; most notably interest earned, due to the current reduction in market interest rates.

The BCRA records overlapping governmental revenue and grants for financing redevelopment activity in the beach redevelopment district. Due to the multi-year nature of redevelopment activities, funds may be accumulated for the purpose of providing funding for ongoing or planned construction projects. Fund balance for this fund totaled approximately \$36.5 million at September 30, 2010 and \$37.7 million at September 30, 2009 and is available for debt service, capital improvements and specified activities of the fund.

Budgetary Highlights

The BCRA's General Fund is required to adopt an annual budget prepared on a basis consistent with generally accepted accounting principles.

During the current year, the BCRA budget was amended for the following purposes:

- Offsetting appropriation adjustments among multiple accounts totaling approximately \$74,000 with no increase in appropriations.

Hollywood, Florida Community Redevelopment Agency (Beach District)
 (A Component Unit of the City of Hollywood, Florida)

Management's Discussion and Analysis (Unaudited)

Budget to actual fluctuations resulted from the following reasons:

- Overall General Fund expenditures for the year were \$12,601,565 under amended appropriations that had been increased during the year by approximately \$26.9 million for rollover of existing capital project budgets as well as newly approved capital projects.
- General Fund balance at year end was \$36,478,475 or \$1,215,121 lower than beginning fund balance.

Capital Assets and Debt Administration

Capital Assets

The BCRA's investment in capital assets for its governmental activities as of September 30, 2010 and 2009 amounts to \$25.7 million and \$24.4 million, respectively (net of accumulated depreciation) as presented in Table 3. This investment in capital assets includes land, construction in progress, buildings and improvements, and equipment. The total increase in the BCRA's investment in capital assets for the current fiscal year was \$1.3 million or 5.2% and a decrease of \$3.6 million or a 12.7% in prior year.

The most notable capital asset event occurring during the year was the addition of approximately \$2 million in construction in progress from projects currently under construction.

Table 3
Capital Assets
As of September 30, 2010, 2009 and 2008
 (\$ in thousands)

	2010	2009	2008
Governmental Activities:			
Land	\$ 8,247	\$ 8,247	\$ 8,247
Buildings and improvements, net	8,502	9,087	7,845
Equipment, net	179	292	371
Construction in progress	8,729	6,760	11,479
Total	\$ 25,657	\$ 24,386	\$ 27,942

The most significant capital project underway in the BCRA is the multi-year undergrounding of all utility lines and streetscape improvements in the beach area.

Additional information on the BCRA's capital assets can be found in the footnotes.

Hollywood, Florida Community Redevelopment Agency (Beach District)
(A Component Unit of the City of Hollywood, Florida)

Management's Discussion and Analysis (Unaudited)

Long-Term Debt

At the end of the current fiscal year, the BCRA had total Redevelopment Revenue Bonds outstanding of \$52.3 million. This debt was decreased by \$2.6 million from the previous year and \$2.5 million in the year before that due to the payment of principal.

Table 4
Long-Term Debt
As of September 30, 2010, 2009 and 2008
(\$ in thousands)

	2010	2009	2008
Governmental Activities:			
Redevelopment Revenue Bonds	\$ 52,280	\$ 54,905	\$ 57,425

The BCRA maintains an "A" rating from Fitch and an "A3" rating from Moody's for general obligation debt.

Additional information on the BCRA's long-term debt can be found in the footnotes.

Economic Factors and Next Year's Budgets and Rates

- The unemployment rate in the City averaged 10.7% during fiscal year 2010 based on information obtained from the U. S. Department of Labor, Bureau of Labor Statistics, and is higher than the average rate of 8.5% a year ago. This rate is lower than the state's average unemployment rate of approximately 11.3% and is higher than the national average rate of 9.7%.
- Inflationary trends in the region increased on average .7% for fiscal year 2010 as compared to an increase of 1.7% in similar national indices (i.e. Consumer Price Index).

All of these factors were considered in preparing the BCRA's budget for the 2011 fiscal year.

Requests for Information

This financial report is designed to provide a general overview of the Hollywood, Florida Community Redevelopment Agency's (Beach District) finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the Director of Finance and Information Technology Department, 2600 Hollywood Boulevard, Hollywood, Florida 33020.

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies

A. Financial Reporting Entity

The Hollywood, Florida Community Redevelopment Agency (Beach District) ("BCRA") is a district that comprises the Hollywood, Florida Community Redevelopment Agency (the "CRA"), which is legally separate from the City of Hollywood, Florida, ("the City"). The CRA was established in accordance with Florida Statutes Chapter 163 PART III COMMUNITY REDEVELOPMENT to finance and redevelop the City's designated redevelopment areas. The BCRA was established in 1997 to provide services that exclusively benefit the City's beach area. The Board of Directors of the BCRA is comprised of the members of the City Commission and the Mayor. The BCRA meets the criteria for inclusion in the City's reporting entity as a blended component unit, and therefore, has been reported in the basic financial statements of the City.

This summary of the BCRA's significant accounting policies is presented to assist the reader in interpreting the financial statements and other data in this report. These policies are considered essential and should be read in conjunction with the accompanying financial statements.

The accounting policies of the BCRA conform to accounting principles generally accepted in the United States of America ("GAAP") applicable to governmental units. The Governmental Accounting Standards Board ("GASB") is the standard setting body for governmental accounting and financial reporting.

B. Government-wide and Fund Financial Statements

The basic financial statements include both government-wide and fund financial statements. The government-wide focus is more on the sustainability of the BCRA as an entity and the change in aggregate financial position resulting from the activities of the fiscal period. The fund financial statements focus on short-term results of operations and financing decisions at a specific fund level. Governmental activities are normally supported by taxes and intergovernmental revenues.

The statement of activities demonstrates the degree to which the direct expenses of a given functional category are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific functional category. Program revenues include charges for services, operating grants and contributions and capital grants and contributions. Taxes and other items not properly included among program revenues are reported as general revenues.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The basic financial statements consist of the government-wide financial statements and fund financial statements. The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Tax increment financing from property taxes are recognized as revenue in the year when levied for. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Hollywood, Florida Community Redevelopment Agency (Beach District)
(A Component Unit of the City of Hollywood, Florida)

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. This is the manner in which these funds are normally budgeted. Only current assets and current liabilities are generally included on their balance sheet. Since the governmental fund statements are presented on a different measurement focus and basis of accounting than the government-wide governmental column, a reconciliation is necessary to explain the adjustments needed to reconcile the fund based financial statements to the governmental column of the government-wide presentation. Their operating statements present sources (revenue and financing sources) and uses (expenditures and other financing uses) of available spendable resources during the period. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the BCRA considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting, except for debt service expenditures, as well as expenditures related to compensated absences, which are both recognized when due.

Tax increment property taxes, when levied for, intergovernmental, when all the eligibility requirements have been met, and interest earnings associated with the current fiscal period, are all considered to be measurable and have been recognized as revenues of the current fiscal period, if available. All other revenues are measurable upon receipt of cash and are recognized at that time.

The BCRA reports the following major governmental funds:

- The general fund accounts for all financial resources that are used to finance redevelopment projects within the beach redevelopment district.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in the government-wide financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board.

When both restricted and unrestricted resources are available for use, it is the BCRA's policy to use restricted resources first, and then unrestricted resources as they are needed.

Hollywood, Florida Community Redevelopment Agency (Beach District)
(A Component Unit of the City of Hollywood, Florida)

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

D. Assets, Liabilities and Net Assets or Equity

1. CASH AND INVESTMENTS – The City is responsible for all treasury functions including the BCRA. Amounts reported reflect a portion of the City's pooled cash and investments and restricted investments. Investment revenue of pooled investments is allocated monthly based upon equity balances of the BCRA.
2. ACCOUNTS AND INCREMENT TAX RECEIVABLES – All accounts and property tax receivables are shown net of an allowance for uncollectibles. Accounts receivable in excess of 90 days comprise the accounts receivable allowance for uncollectibles. The property tax receivable allowance is equal to 100% of outstanding property taxes at September 30, 2010.

Real and personal property values are assessed on a county-wide basis by the Broward County Property Appraiser as of January 1, each year. Taxable value of property within the BCRA is certified by the Property Appraiser on July 1. The taxing authorities levy a property tax millage rate upon that taxable value to provide revenue required for the fiscal year beginning October 1. Taxes for the fiscal year beginning October 1 are billed in the month of November, subject to a 1% per month discount for the period November through February, and are due not later than March 31. On April 1, unpaid amounts become delinquent with interest and penalties added thereafter. Beginning June 1, tax certificates representing delinquent amounts are sold by Broward County, with remittance to the taxing authorities for their share of those receipts.

The taxing authorities levying taxes in the BCRA pay to the BCRA an amount equal to ninety-five percent (95%) of the difference between the amount of ad valorem taxes levied by the taxing authorities, exclusive of the debt service millage, and the difference between the current real property tax values in the district and the assessed valuation of taxable real property in the district when it was created. Currently the tax increment from the South Broward Hospital District is capped at \$300,000 annually.

3. DUE TO/DUE FROM – Activity between the primary government and the BCRA, that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other governments."
4. RESTRICTED ASSETS – Certain revenue bond proceeds, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet or statement of net assets because they are maintained in separate bank accounts and their use is limited by applicable bond covenants.

Hollywood, Florida Community Redevelopment Agency (Beach District)
(A Component Unit of the City of Hollywood, Florida)

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

5. CAPITAL ASSETS – Capital assets, which include land, construction in progress, building and improvements, and equipment, are reported in the governmental columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$1,000 and an estimated useful life in excess of one (1) year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Capital assets include real property that is held by the BCRA for future development.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant and equipment is depreciated using the straight line method over the following estimated useful lives:

Assets	Years
Buildings and improvements	5 to 40
Equipment	2 to 15

6. COMPENSATED ABSENCES – It is the BCRA's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. A portion of accumulated sick pay benefits are paid upon separation, based on number of years of service. All vacation pay and applicable portion of sick pay balances are accrued when incurred in the government-wide statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.
7. LONG-TERM OBLIGATIONS – In the government-wide financial statements long-term debt and other long-term obligations are reported as liabilities in the governmental activities statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds, and annual debt payments are reported as debt service expenditures.

Hollywood, Florida Community Redevelopment Agency (Beach District)
(A Component Unit of the City of Hollywood, Florida)

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

8. FUND EQUITY – In the financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.
9. NET ASSETS – The government-wide statements utilize a net asset presentation. Net assets are categorized as invested in capital assets net of related debt or restricted. This is intended to reflect the portion of net assets which are associated with capital less outstanding capital assets related debt, net of unspent debt proceeds, restricted net assets, the portion of net assets that have third party limitations on their use, and unrestricted net assets that have no third party limitations on their use.
10. ESTIMATES – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from management's estimates.
11. RISK MANAGEMENT – The BCRA is insured, through the City's self-insurance program, for general liability, workers' compensation, health, directors and officers, and property damage. The City's risk management fund charges the BCRA annual insurance premiums for the amount of premium which represents the maximum liability of the BCRA for any related losses incurred for the years ended September 30, 2010 and 2009. Consequently, the BCRA does not retain its own liability in outstanding claims against it beyond the maximum premium paid.

Note 2. Cash and Investments

The City maintains all cash and investments for the BCRA. Substantially all unrestricted cash and investments of the BCRA are held in the City's pooled cash and investments. BCRA's equity share of the total pooled cash and investments is included in the accompanying Statement of Net Assets under the caption "Pooled investments" other than investments titled "restricted." BCRA's pooled investments with the City were approximately \$21,140,000 and \$20,995,000 in years 2010 and 2009, respectively, which represents 18.3% of the City's pooled investments as of September 30, 2010 and 18.6% as of September 30, 2009. (See the City's comprehensive Annual Financial Report for disclosures relating to its interest rate risk, credit risk, custodial credit risk and concentration of credit risk).

At September 30, 2010 and 2009, the BCRA also had approximately \$16,195,000 and \$17,889,000, respectively, of money market mutual funds and demand deposits with the City.

Total capital assets, being depreciated, net	8,215,531	1,163,157	-	9,378,688
Capital assets, net	\$ 27,942,136	\$ 6,647,516	\$ 10,203,286	\$ 24,386,366

Depreciation expense was charged to function as follows:

	2010	2009
Governmental Activities:		
General Government	\$ 701,743	\$ 602,347

During fiscal years 2010 and 2009, the BCRA contributed \$39,877 and \$8,658,890, respectively, of completed construction in progress to the City.

Hollywood, Florida Community Redevelopment Agency (Beach District)
(A Component Unit of the City of Hollywood, Florida)

Notes to Financial Statements

Note 4. Construction Commitments

The BCRA has outstanding commitments for construction and acquisition for capital assets. These commitments were fully funded through bond proceeds and other reserves from the respective funds at September 30:

	2010	2009
Various redevelopment projects	\$ 13,324,037	\$ 3,264,472

Note 5. Long-Term Obligations

A. Government Activities Debt

Summarized below are the BCRA's debt issued to finance the cost of various community redevelopment projects that were outstanding as of September 30, 2010 and 2009:

- \$20,010,000 Community Redevelopment Agency Redevelopment Revenue Bonds, Series 2004 – The BCRA issued these bonds secured by an irrevocable lien on and pledge of the District's tax increment revenues paid by the City of Hollywood, Broward County, the South Broward Hospital District and the Children's Services Council of Broward County. By agreement with the South Broward Hospital District, annual tax increment payments from the District are capped at \$300,000. Bonds were issued for the purpose of financing redevelopment capital improvements. Interest rates range from 3.50% to 5.625% annually.
- \$40,000,000 Community Redevelopment Agency Redevelopment Revenue Bonds, Series 2007 – Bonds were issued on August 23, 2007 by the BCRA and secured by an irrevocable lien on and pledge of tax increment revenue on a parity with the lien thereon in favor of the BCRA's Redevelopment Revenue Bonds Series 2004 currently outstanding. Pledged revenues consist of the BCRA's tax increment revenues paid by the City, Broward County, the South Broward Hospital District and the Children's Services Council of Broward County. By agreement with the South Broward Hospital District, annual tax payments are capped at \$300,000. Bonds were issued to provide funding for Broadwalk improvements, a new parking garage, community center complex, water and sewer line upgrades and other capital improvements in the district. Interest rates on these bonds range from 3.60% to 5.00%.

(A Component Unit of the City of Hollywood, Florida)

Notes to Financial Statements

Note 5 Long-Term Obligations (Continued)

C. Summary of Annual Debt Service Requirements

The annual debt service requirements to maturity for debt outstanding as of September 30, 2010 and 2009 are as follows:

2010			2009		
Fiscal Year Ending:	BCRA Redevelopment Revenue Bonds		Fiscal Year Ending:	BCRA Redevelopment Revenue Bonds	
	Principal	Interest		Principal	Interest
2011	\$ 2,735,000	\$ 2,509,609	2010	\$ 2,625,000	\$ 2,621,317
2012	2,850,000	2,391,875	2011	2,735,000	2,509,609
2013	2,970,000	2,267,057	2012	2,850,000	2,391,875
2014	3,095,000	2,135,603	2013	2,970,000	2,267,057
2015	3,230,000	1,995,978	2014	3,095,000	2,135,603
2016-2020	18,685,000	7,335,953	2015-2019	17,800,000	8,252,494
2021-2024	18,715,000	2,006,749	2020-2024	22,830,000	3,086,187
	<u>\$ 52,280,000</u>	<u>\$ 20,642,824</u>		<u>\$ 54,905,000</u>	<u>\$ 23,264,142</u>

D. Pledged Revenue

General long-term debt bonds are collateralized by BCRA pledged funds, mostly tax increment revenues. The following table reports the revenue pledged for the debt issue, the amounts of such revenue received in the current year, the current year principal and interest paid on the debt, the date through which the revenue is pledged under the debt agreement, and the total pledged future revenue for each debt, which is the amount of the remaining principal and interest on the bonds and loans at September 30, 2010 and 2009:

Bond Description	Pledged Revenue	Revenue Received	Principal and Interest	Outstanding Principal and Interest	Pledged Through
<u>2010</u>					
Redevelopment Revenue Bonds					
Series 2004 and Series 2007	Increment Tax Revenues	\$ 15,341,285	\$ 5,246,317	\$ 72,922,824	2024
<u>2009</u>					
Redevelopment Revenue Bonds					
Series 2004 and Series 2007	Increment Tax Revenues	\$ 18,907,968	\$ 5,247,512	\$ 78,169,142	2024

(A Component Unit of the City of Hollywood, Florida)

Notes to Financial Statements

Note 6. Tax Increment Revenue

The BCRA is primarily funded through tax increment revenue. This revenue is computed by applying the operating tax for the City, Broward County, South Broward Hospital District and Children's Services Council of Broward County multiplied by the increased value of property in the district over the base property value minus 5%. Each of the City, the County, the Hospital District and the Children's Services Council are required to fund this amount annually without regard to tax collections or other obligations. The amounts required by the Hospital District are capped at \$300,000.

Note 7. Other Information

A. Restricted Assets

Borrowing agreements require restriction of certain assets. Amounts required to be restricted totaled \$3,145,464 and \$3,135,794 at September 30, 2010 and 2009, respectively. These amounts represent required debt service reserves for the Redevelopment Revenue Bonds, Series 2004.

B. Contingent Liabilities

The CRA is a defendant in various lawsuits. Although the outcome of such litigation is not presently determinable, management does not believe the settlement of these matters will have a material effect upon the financial condition or results of operations of the affected funds.

C. Pension Plan Information

1. **DEFINED CONTRIBUTION PENSION PLANS** – The CRA has a contract with the ICMA-RC for a 401 (a) plan covering the executive director and employees of the agency. The plan is established under the provisions of Section 401 (a) of the Internal Revenue Code as A Money Purchase Plan and Trust. The assets of the plan are self-directed, and investment results are reported to employees quarterly. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment returns. The plan does not require nor permit employee contributions. Plan participants become fully vested in the plans upon entry. The plan was established by City Commission, CRA Board resolution.
2. **DEFERRED COMPENSATION PLANS** – The City offers BCRA employees deferred compensation plans created in accordance with Internal Revenue Code Section 457. The plans, managed by independent plan administrators, permit employees to defer a portion of their salary until future years. At the employee's election, such amounts may be invested in mutual funds which represent varying levels of risk and return. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. All amounts of compensation deferred under the plans, all property and rights purchased with those amounts, and all income attributable to those amounts, are held in trust, for the exclusive benefit of the plans' participants and their beneficiaries.

Since the BCRA has no fiduciary responsibility in either plan, they are not reflected in the BCRA's statements.

Notes to Required Supplementary Information
September 30, 2010
(Unaudited)

Note 1. Budgetary Procedures and Budgetary Accounting

The BCRA adheres to the following procedures in establishing the budgetary data reflected in the accompanying financial statements:

Prior to September 30, the Executive Director submits to the Board of Directors, a proposed operating budget for the General Fund for the fiscal year commencing October 1, which is ratified prior to September 30. The operating budget includes proposed expenditures and the means of financing them.

The BCRA Executive Director is authorized to transfer budget amounts between accounts. Revisions that increase total expenditures must be approved by the BCRA Board. Legal level of control is maintained at the fund level.

The accompanying budgetary data represents the original and the final amended budgets as approved by the BCRA Board. The difference between the two columns represents authorized budget transfers and capital project rollovers within the fiscal year.

Encumbrance accounting is utilized, in which purchase orders, contracts, and other financial commitments for expenditures are recorded in order to reserve that portion of the applicable appropriation. This method is employed as an extension of formal budgetary accounting in the General Fund. Encumbrances outstanding at year-end are reported as reservations of fund balance since they do not constitute expenditures or liabilities. In the General Fund, unexpended portions of such reserves lapse at the end of the next fiscal year after encumbrance.

OTHER REPORTS

**Independent Auditors' Report
on Internal Control Over Financial Reporting and on
Compliance and Other Matters Based on an Audit
of Financial Statements Performed in Accordance With
*Government Auditing Standards***

To the Board of Directors
Hollywood, Florida Community Redevelopment
Agency (Beach District)

We have audited the financial statements of the governmental activities and the major fund of the Hollywood, Florida Community Redevelopment Agency (Beach District) (the "BCRA"), a component unit of the City of Hollywood, Florida, as of and for the year ended September 30, 2010, which collectively comprise the BCRA's basic financial statements and have issued our report thereon dated September 22, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audits, we considered the BCRA's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing opinions on the effectiveness of the BCRA's internal control over financial reporting. Accordingly, we do not express opinions on the effectiveness of the BCRA's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the BCRA's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audits and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that were reported to management of BCRA in a separate letter dated September 22, 2011.

This report is intended solely for the information and use of the Members of the Board of Directors and management of the BCRA and is not intended to be and should not be used by anyone other than these specified parties.
